

New Home Plans Offer of Compensation

Based on customer feedback, new fields are being added to the Remarks tab on New Home Plans input so the compensation offered by the builder can be more clearly identified.

- **Offer of Compensation:** Enter a \$ or % amount in this required field.
- **Compensation Based On:** Use this required field to indicate what price the compensation amount is based on.

These new fields have also been added to the Full display for New Home Plans.

Note: The Rental field “Compensation of Lease” is also being updated to “Compensation Based on”.
