

NAR Member Resources Added to CONNECT

From CONNECT, a new **NAR Member Resources** section provides REALTOR® members with direct access to additional resources and information for REALTORS:

- [REALTOR Benefits Program](#): Access the official member benefits program with discounts and special offers for REALTORS.
- [REALTOR Safety Program](#): Provides safety-related information and news.
- [Information Central](#): Browse the extensive NAR library, eBooks, archives and more.
- [REALTOR Party](#): The REALTOR Political Action Committee helps promote the election of pro-REALTOR candidates.
- [RePurposed Apps](#): Access REALTOR-recommended apps.
- [REALTOR University](#): Education institution exclusively focused on real estate and opportunities to obtain a higher education in this profession.
- [MVP Program](#): The Member Value Plus (MVP) program lets members earn rewards by taking action with other NAR resources.
- [Center for REALTOR Technology](#): CRT is NAR's technology resource, offering education and articles about technology and other related items.

Listing Input Updates

- Rental Listing Input and rules have been updated allowing you to enter the same property as a “for sale” and “for rent” listing.

Note: There are no changes to rules related to entering two “for sale” listings for the same property.

- A new Contingent Approval Condition “Offer waiting on RELO company approval” is now available when changing a listing to Under Contract.

My REcolorado Profile

- Based on customer feedback, additional languages have been added to the My REcolorado Profile in Marketplace.
 - Initially these languages will only display within Matrix, but they will soon display on your REcolorado profile page.
 - New languages include: Bohemian, Bosnian, Bulgarian, Croatian, Estonian, Farsi, Latvian, Lithuanian, and Serbian.

Other Updates

- Agent Photo & Office Logo uploads have been updated:
 - Managing Brokers and Office Admins can add agent photos for agents within their office.
 - Builders and Developers can add office logos for their office.
- The date format in the Appraiser Export template has been adjusted so that it is MM/DD/YYYY, and no longer includes the timestamp.
